

Shaun Peterson
Chairman
SIIA Cell & Gene Task Force

Shaun has approximately 25 years of experience in stop-loss insurance, reinsurance for both government and commercial health insurance carriers, reinsurance for stop-loss carriers, and managing general underwriters as well as reinsurance for provider groups taking risk from both commercial and government payers. He has led operational, claims, underwriting teams, product, and pricing at various points in his career and is currently the Vice President of Pricing with oversight for pricing and actuarial services across life, disability, supplemental benefits, stop Loss, health account solutions, retirement recordkeeping and asset management services and other worksite products as well as product oversight for stop loss for one of the largest insurers in both the stop-loss and worksite benefits space.

Shaun is a frequent speaker at industry events and has led committees for the American Academy of Actuaries (AAA) and the Self-Insurance Institute of America (SIIA). He is also a frequent volunteer for the Society of Actuaries (SOA), AAA, and SIIA.

Shaun graduated from the School of Science and Engineering at the University of Minnesota with a BS in Mathematics and is a Fellow of the Society of Actuaries and, a member of the American Academy of Actuaries.

Shaun currently serves as the chairperson for SIIA's High-Cost Drug Task Force and is a former SIIA Board member.
