

**Claire White, MSN, RN**  
**Policy Analyst**  
**Children's Hospital of Philadelphia**

Claire White, MSN, RN is a Policy Analyst in the Cell Therapy and Transplant Section at The Children's Hospital of Philadelphia. In this role, she supports access operations and health policy work for the Cell Therapy program with a focus on equitable and timely patient access to cell & gene therapy treatments offered both commercially and on clinical trials. Claire joined The Children's Hospital of Philadelphia as a staff nurse in the Pediatric Oncology Clinic in 2012 and later joined the Cancer Immunotherapy Program as a Nurse Navigator in 2015. Claire serves on various access, health equity, and payor relations committees. She is passionate about health system innovation to support access to and sustainability of novel cellular and gene therapies.
