

**Brooks Wildasin**  
**Chief Underwriting Officer**  
**OutcomeRx Insurance Management Services, LLC.**

Brooks is a co-founder of OutcomeRx and currently serves as the Chief Underwriting Officer. Leveraging over 15 years of healthcare solution innovation expertise across insurance, specialty pharmaceuticals, and Cell and Gene Therapy stakeholder markets, Brooks leads all reinsurance and insurance activities and new risk transfer product development at OutcomeRx.

Prior to OutcomeRx, Brooks worked across various healthcare sectors with pharmaceutical manufacturers, government and commercial payers, and non-profit entities to develop technology, operations, and financial solutions that tackled imminent regulatory and market challenges.

Throughout his career, his passion for innovative product development has inspired solutions to address emerging market challenges and industry-wide regulatory changes such as Cell and Gene Therapies, the ACA, and the expansion of value-based care. Today, Brooks is an active participant in SIIA, Tufts NEWDIGS, and is a frequent speaker in leading national healthcare and trade organizations.
