

Sabine Enright, PharmD
VP, Integration Payer Business Unit
Ascella Health

Sabine Enright, PharmD, is an accomplished pharmacist with over 15 years of experience in long-term care (LTC), 340B programs, and specialty pharmacy. Currently serving as the Vice President of Payer Integrations at AscellaHealth, Sabine has been at the forefront of developing and managing innovative programs that deliver chronic therapies to members in a safe, affordable, and reliable manner.

Throughout her career, Sabine has demonstrated a strong commitment to improving patient care and enhancing healthcare systems. Her extensive experience in specialty pharmacy and her expertise in navigating the complexities of the 340B program have allowed her to champion the development of niche solutions that bridge gaps in the healthcare landscape. She is dedicated to ensuring that the therapies provided are not only effective but accessible, advocating for programs that enhance patient outcomes while addressing cost-related challenges.

Sabine is passionate about education and empowering others in the pharmacy profession. She thrives on sharing her knowledge and collaborating with teams to find outside-the-box solutions to meet and exceed customer needs. Her leadership at AscellaHealth is marked by a dedication to the innovative integration of payer strategies that enhance the value and impact of healthcare services.

As a pioneer in the field, Sabine continues to challenge conventional approaches, striving to improve patient care, expand access to necessary treatments, and drive efficiencies in the healthcare system. Her unique blend of clinical expertise, strategic vision, and passion for innovation makes her a respected leader in the pharmacy and healthcare industries.
